^{1.9)} What were the best aspects of this course?

- I loved the structure of the course, the fact that we could select our own topic, and both my lecturer and tutor.
- I think Dr Martin has given me some kind support on the presentation showing.
- Lecturer delivered content in an interesting way
- Provide lots of professional instructions on academic writing for students. Teachers are patient to respond to all of our questions.
- The course is very useful to understand better about steps and techniques in research
- the class is good, and professor really gave us a lot of help

^{1.10)} What improvements would you suggest?

- It would be great if we could get feedback before submitting the next assignment. This will help students to improve their next assignment.
- More time spent doing communicative group work during the tutorial as most of the course was quite teacher centred
- sometimes, the voice of the lecture is not clear
